WORK EXPERIENCE

2005- Current PROFESSOR & GRADUATE COORDINATOR OCCUPATIONAL THERAPY

Coordination of graduate program including development & assignment thesis committees, graduate handbook, and coordination of graduate electives. Full time teaching with release for coordination.

2005- 2006 PROFESSOR OCCUPATIONAL THERAPY
Full time teaching and scholarship

2001-2005 PROFESSOR & DEPARTMENT CHAIR
1995-2001 ASSOCIATE PROFESSOR & DEPARTMENT CHAIR
Occupational Therapy
Brenau University

As founding chair, responsible for overall departmental administration, including coordinating curriculum; accreditation; faculty recruitment, selection and development; teaching, research, and service activities within the department and university. Successfully guided initial curriculum development of combined BS/MS Program in Occupational Therapy and Post-Professional Graduate Program in Occupational Therapy. Both Developing Program Plan and Self-Study for the BS/MS program were used by ACOTE as models for new program directors for several years. Successful 10 YEAR ACOTE reaccreditation with no areas of deficit.

1994-1995 ASSISTANT PROFESSOR
Division of Occupational Therapy
School of Health Related Professions
University of Alabama-Birmingham

Teaching responsibilities include coursework to both graduate and undergraduate occupational therapy students, and other students from the school. Research activities include pursuit of personal research agenda, facilitation of increased research activity within the division, and supervision of student research. Service efforts have been primarily directed to curriculum development and revision, and professional activities at state and national level (see activities listed). Part time appointment (.6 FTE).

1990-present OWNER
Schell Consulting
Athens, Georgia

Provision of consultation to educational and health care organizations. See Consultations for extensive listing of activities.

1991-1994 GRADUATE ASSISTANT
University of Georgia
Athens, Georgia

Funded for two years by the graduate school, during which assignments focused on designing and implementing research related to clinical reasoning in health care. Also provided editorial assistance to the Adult Education Quarterly. Funded one year by the Qualitative Research Interest Group out of the College of Education. Primary activities included coordination of activities for the annual conference on qualitative research. Editorial assistant for proceedings of 1993, 1994 conferences. Co-editor of 1992 proceedings.

1990 DIRECTOR, AMBULATORY CARE
Harmarville Rehabilitation Center
Pittsburgh, Pennsylvania

Administration of three community-based outpatient centers, joint venture CORF and rehabilitation contract for services. Provided direction to center managers, coordinated development and implementation of system wide procedures for managerial, clinical, and supportive staff. Collaborated with medical management to facilitate patient care systems. Assisted in development of strategic and business plans, with related board presentations.

1983 - 1990 DIRECTOR, OCCUPATIONAL THERAPY SERVICES
Harmarville Rehabilitation Center
Pittsburgh, Pennsylvania

Administration of large department, with multi-disciplinary staff, and multiple satellite and contractual services. Responsible for direction of Occupational Therapy, Environmental Access and Occupational Therapy Equipment/Orthotic Services. Budget included over 40 FTE and over one million dollars in operational expenses. Major accomplishments included development and implementation of productivity, quality assurance and personnel management systems within department. Significantly increased recognition of these services within Harmarville and the professional community through extensive personal networking, professional presentations and publications. Collaborated with program managers to develop and refine programs for a variety of disabled adults, with conditions including Spinal Cord Injury, Stroke, Head Injury, Industrial Injuries, Chronic Pain, Multiple Sclerosis and Arthritis. Major contributor to a variety of Harmarville operational projects, including development of Medicare monitoring systems, functional outcome expectations, and development of staffing approaches responsive to fluctuating demands.

1989 CLINICAL INSTRUCTOR
University of Pittsburgh
Pittsburgh, Pennsylvania

Class instructor for Administration and Supervision: Occupational Therapy Lab, Fall 1989. Guest lecturer, field consultant and administratively responsible for Level I and Level II fieldwork student program at Harmarville Rehabilitation Center 1983-91.

1977-1983 MANAGER, OCCUPATIONAL THERAPY DEPARTMENT
 University of Missouri Hospital & Clinics
 Columbia, Missouri

Responsible for management of occupational therapy service provision to in and outpatients of a 40-bed rehabilitation center, and 400 bed acute care hospital which comprise the University of Missouri Hospital and Clinics. Accomplishments included development of hand rehabilitation program, expansion of all phases of the department. Department productivity increased 60% in the first year. Successfully managed coordination of CARF on-site accreditation visit to Rusk Rehabilitation Center, resulting in full three-year accreditation. Held leadership position in a variety of committees, including program evaluation development, patient services committee, and management council.

1977-1983 CLINICAL INSTRUCTOR,
 Occupational Therapy Curriculum
 University of Missouri Hospital & Clinics
 Columbia, Missouri

Taught graduate level course on occupational therapy organization and administration, coordinated clinical education program, lectured to a variety of physician and allied health students and professionals. Responsible for coordination and continued development of Occupational Therapy Level I and II programs with the University of Missouri Clinics. Routinely attended faculty meetings, assisted with student selection and curriculum review.

1973-1977 STAFF THERAPIST
 Tampa Veterans Administration Hospital
 Tampa, Florida

Provided occupational therapy services to a variety of adult populations, including psychiatric and physically disabled individuals. Established clinical treatment program for neurological and medical/surgical populations. Served as staff therapist to SCI program. Active in Rehabilitation Medicine Committees, quality assurance, and in-service education program.
